

State Health System Innovation Plan (SHSIP) Errata

Due to an autosum calculation error in Microsoft Excel, the projected cost of intervention and projected net savings per year totals in Tables 12.13, 12.15 and 12.16 were incorrect. These tables have all been updated to reflect the correct totals, which are also provided below.

Table 12.13 - Page 285

Projected cost of intervention (Total):	\$167,860,000
Projected net savings per year (Total):	\$93,740,000

Table 12.15 - Page 289

Projected cost of intervention (Total):	\$91,560,000
Projected net savings per year (Total):	\$71,940,000

Table 12.16 - Page 290

Projected cost of intervention (Health System Improvement):	\$167,860,000
Projected cost of intervention (Administrative Improvement):	\$91,560,000
Projected cost of intervention (Total):	\$284,018,000
Projected net savings per year (Health System Improvement):	\$93,740,000
Project net savings per year (Administrative Improvement):	\$71,940,000
Projected net savings per year (Total):	\$245,873,400

Revision made to the July 21, 2016, SHSIP. The revised SHSIP is now dated August 5, 2016.
